Kiwanis' commitment to eliminating

Iodine Deficiency Disorders (IDD) – the world's leading preventive cause of mental and developmental disabilities – has been referred to by UNICEF officials as one of the greatest public health accomplishments of the past decade.

As a result of the IDD accomplishment, more than 80 million newborns now are protected each year from death, mental and physical disabilities, lethargy, and learning disabilities. The Kiwanis International Foundation's work is best exemplified in communities and regions worldwide through Kiwanis clubs, divisions and districts. By supporting this work, Kiwanis plays a significant role in addressing local and global needs.

Won't you step up to the plate and support the NEW International Foundation Eliminate Project?

I thank you in advance for your support during the next 5 years.

The Atlantic City triathlon was in September. Jim Kelleher finished in 2hrs, 45 min & 36 sec. The venue was great for a triathlon. The water for the swim was 74 degrees with a length of 1 mile. The bike which was 20 miles was mostly on the AC expressway. The run which was 5 miles was on the boardwalk. The conditions were good overall, but the wind during the swim & bike slowed Jim down. He was happy to complete the challenge. Thanks to everyone who contributed. There is a special thank you to Betty Limanni for helping Jim with this fundraiser.

On Thursday November 13th at 6pm Greater Woodbury will celebrate its Charter Night and the visit to Division 2 by our Governor Nancy Hart Esposito. We hope that all of our Greater Woodbury members will enjoy this festive evening. We also encourage all Division 2 Kiwanis Clubs to join us in this celebration.
