National Night Out

What a great way to get your name out there! Steve Nagel provided this photo from the Edison Municipal Complex on the National Night Out.

Thanks for Participation in ‘Take it Outside’

The NJDEP received responses from over 35

Kiwanis groups who were willing to help construct New Jersey’s “Take It Outside”

mapping project. We should all be proud that the NJ Kiwanis helped to “kick-start” this project. In fact, we not only helped to initiate the project but we were the first volunteer groups to use and “test” the mapping tools that were created by NJDEP specifically for our visits to our local municipal parks.

We will have a complete update about this project at DCON in August.

Of the many responses that were received by NJDEP, some were complete and usable as is, and some still require additional information. Also, some clubs that requested to be part of the project did not respond or at least their responses were not received by NJDEP. As a result, the NJDEP will be sending follow-up messages this month to each Kiwanis club that requested to be part of the project, either thanking the club for their completed submissions or asking the club about the status of their park submissions.

Please pass all of this information on to your clubs so they know to expect a communication from NJDEP’s **Marc Rogoff** in August. Please also pass on **Governor Anthony’s thanks**, my appreciation, and thanks from **Tanya Oznovich**, the NJDEP Environmental Education Supervisor.

Thanks for all of your help and great support,
Mike Ellithorpe

Did you hear? **Past International President Tony Kaiser** has a broken bone in his leg and it is been strengthened, I understand, with a rod. He will hopefully be moved to a rehab center by the weekend.

Many of us know Tony and Mim although he was a member in he New York District when he became Int. President of Kiwanis International he retired to New Jersey and has attended many of our special occasion events and DCONs.

Cards of encouragement will help Tony recover soon. **Mim**, his wife, is able to spend each day with him. Please mail cards to his home address:

BOW! **WISHES!**

This is the highest honor bestowed by Key Club International, recognizing individuals who have gone "above and beyond" to serve the world's youth. He was honored for thirty years of service to the youth of New Jersey. The nomination was proposed by several present and former Key Club members whom he influenced and mentored during their Key Club careers and beyond. Mr. Gandley was only the fourth person from New Jersey to be so honored since 1950.

Manfred (Fred) Dahlheimer Remembered

Manfred (Fred) Dahlheimer passed away on Saturday, June 24, 2017 while on vacation with his beloved wife Mary. He lived in New Brunswick, NJ for approximately thirty years before moving to Toms River.

Fred was involved with the Boy Scouts of America, as a Scoutmaster with Troop #32 in Piscataway for about 10 years. He was also a member of "The Order of the Arrow".

He was a revered member of the **East Brunswick Kiwanis Club**. He served as President of that club and chaired many committees. He was elected and then re-elected for two terms as Lt. Governor of Kiwanis New Jersey District. He was honored by the Governor of Kiwanis in New Jersey, with the "Distinguished Lt. Governor" award, and by his club with a Life Member-

ship with Kiwanis International.

He worked as a carpenter, and then as an independent contractor in his own business. In the mid-seventies he was hired by Mr. H. Hovnanian to build a lumberyard and a manufacturing plant for pre-fab housing. He built about 15,000 homes in that plant. He worked there until he retired in 2000. While he was working there, a devastating earthquake occurred in Armenia (Soviet Union) December 1988. Twenty-five thousand people lost their lives and about five hundred thousand became homeless. Mr. Hovnanian and the Armenian Assembly of America out of Washington, DC made "Fred" in charge of building three manufacturing plants for housing in Armenia. He spent about a year in Armenia to build those plants which are still working today.

"He was a very fine Kiwanian, a fun guy, and, for many years, was my Kiwanis-buddy; we attended many Kiwanis functions together, including District and International Conventions."

Colleague and friend, **Manny Alvarez**

In Remembrance

Paul Eastlack, who lived a long, full life of 90+ years, passed on recently. A member of the **Swedesboro Kiwanis Club**, Paul served our country during the Korean War. He was also involved in Boy Scouts for thirty-five years mentoring a myriad of boys, many of whom became Eagle Scouts under his tutelage.

He had an insatiable thirst for knowledge; even at age ninety, he was doing research on the computer! He and his wife Carole celebrated sixty-six years of wedded bliss. Paul will be missed, but not forgotten!

To Know Him Was to Experience the Heart of Kiwanis

William Bowen Cater Jr.

The news of **Bill Cater's** passing on July 6, 2017 was met with sadness and shock throughout the New Jersey District of Kiwanis International. Bill, who served as **District Governor from 1997 – 1998**, was one of the most giving of Kiwanians – of both time and money.

Through his family foundation, he was a staunch benefactor of Kiwanis International's IDD and ELIMINATE campaigns along with a strong financial supporter of the Kiwanis International Children's Fund and the New Jersey District Foundation.

Aside from his financial support, he was committed to youth causes and served many years on the New Jersey Committee for Circle K. Known for his quick wit and sometimes corny jokes, you could always count on Bill to flash you a smile and try to make you smile in return.

Bill was also a dedicated family man whose world revolved around his wife Debbie Carter, his daughters, his brother and sister, and his nieces and nephews. Let us never forget the contributions that Bill made to Kiwanis International and New Jersey Kiwanis in particular. Bill's was a life we all should celebrate and emulate!

Personalized Invitations to meetings

Shown at left is the front and back of cards we at **Long Beach Island** had printed from **Kiwanis International** to facilitate the invitation to prospective new members. Members- We have an ample supply so please be sure to take a generous supply and use them for inviting possible new members. Kiwanis International supplied a sample card and we personalized the information on the back providing specific information pertaining to

Kiwanis LBI.

The cards will be available at our check-in desk. Please remember that the best and proven manner to build membership is for members to invite friends, family and acquaintances to attend one or more of our meetings. They can then see what Kiwanis LBI is all about and hopefully, they will want to become a member.

Thinking about many of our newest members, this is precisely how we interested them in becoming members. Remember, “Love it – Share it – Live it”. It works!

Members of the Kiwanis Club of the Haddons and family and guests pose with the 30 stuffed backpacks for “Project Backpack.”

HADDONFIELD: Eager hands of members of the **Kiwanis Club of the Haddons** and their friends made short order of exceeding their goal of 20 backpacks by stuffing 30 backpacks with school supplies for the Center for Family Services' “Project Backpack.”

Adjourning their August 11 club meeting early, the Kiwanis Club of the Haddons stuffed backpacks with pencils, pens, notebooks, composition books, crayons, highlighters, rulers, glue, binders, folders, pencil boxes and more. In addition, a full box of ‘extra’ school supplies was donated. This is the twelfth year the Kiwanis Club has provided backpacks to the Center for Family Services in Camden.

“Club members have been shopping the sales for the past two months. Some even started

shopping last September,” stated club secretary **Milton Smith** of Burlington City, an Architect with Kitchen & Associates Architectural Services in Collingswood.

Mary “Pat” Wilson of Haddon Township, a retired nurse, brought along her grandson and granddaughter to help stuff the backpacks, “They always looks forward to this project, showing how we can help others in our community. And, who better to know what school supplies students need than current students!”
